

Patent  
Attorney Docket No. 65731-76121

**REMARKS**

In view of the foregoing amendments the Examiner is respectfully requested to reconsider and withdraw the outstanding objections and rejections.

Claims 33 and 35-36 stand rejected under 35 U.S.C. §112, first paragraph, for failure to comply with the written description requirement. In view of the present amendments, this rejection is respectfully traversed. The claimed invention relates to SEQ ID NO:2 and specific fragments thereof, namely, SEQ ID NO:s 5 and 6. As all sequences were present in the original text and their use in the claimed manner is supported by the description, withdrawal of the rejection is in order.

Claims 40-42 have been cancelled.

The Specification was objected to because of a typographical error on page 1, line 4. The same has been corrected herein.

Further and favorable action in the form of a Notice of Allowance is believed to be next in order, and such action is earnestly solicited. If there are any questions concerning this paper or the application in general, the Examiner is invited to telephone the undersigned.

Respectfully Submitted,

July 6, 2006
